Piquadro

Piquadro is a brand of professional and travel leather goods that originated from an idea of Marco Palmieri, who at that time was an engineering student and now he is the current Chairman and CEO of the Company. In all Piquadro products the three distinctive values inspiring the brand - design, functionality and technological innovation – are combined with the flavour of Italian handicraft working, the quality of first-class hides and attention to detail.

In every collection Piquadro proposes a wide range of bags, suitcases and small leather goods in which the unique and elegant Italian style is combined with intended practical and reliable features, for work and travel purposes, in tune with the intense rhythms of modern life. The hides are Italian only, are mainly produced in the Tuscan leather tanning district, which is the oldest and most famous district at a worldwide level, and, when combined with technological fabrics, give rise to products that have a recognisable and essential appearance, both in classic and unusual colours.

Piquadro is a joint-stock company that has been listed on the Italian Stock Exchange since October 2007. Its products are sold in more than 50 countries, through a distribution network of 1,500 sales outlets, including more than 100 single-brand boutiques.
